To the Residents of the Village of Thurston

OUR GRANT APPLICATION WAS APPROVED!!!

We have just received word that the Village of Thurston has been approved for the CDBG Neighborhood Revitalization Grant in the amount of \$300,000! Over the next two years, you will be seeing improvements in sidewalks, streets, storm sewer drainage, playground equipment, water meter replacements, and street and traffic signs!

Thanks to all residents who attended the meetings and participated in the activities to make this grant possible! We also thank James Mako and Holly Mattei from the Fairfield County Regional Planning office for assisting us throughout the process. Thanks also to Michael Betts from GGC Engineers.

If you should have any questions regarding the upcoming projects, please feel free to contact this office. If you would like to learn more about what's going on in the Village, I urge you to attend the Service/Safety Committee meetings on the first Wednesday of each month; or the Village Council meeting on the second Wednesday of each month.

Sincerely,

Mary Boring, Mayor
Village of Thurston
